PROFILE

Graphic designer from the Greater Philadelphia area. With a sharp eye for detail, and a natural observant nature, I create visual design across a multitude of platforms, from business logos to educational and party supply catalogs. Having received my BFA from Moore College of Art and Design, I harnessed over 7 years of professional experience in the creative field. A natural leader who is the pillar of my current position, I act as a main point of contact for the design and implementation of an international product catalog.
